

1.10 Fundraising

Your group can make a massive difference to the lives of refugees by raising money on campus for two causes:

1. To make sure STAR has enough money to continue it's vital work
2. To make sure your local refugee project has enough money to continue it's vital work

Funds for the STAR network

STAR is a major force in the refugee movement. Thousands of students make a huge difference to the lives of refugees in the UK by promoting positive images, volunteering at projects and campaigning for improved conditions.

STAR needs money to pay for all the things that make that happen like:

- ★ working with policy makers, the media and other refugee organisations to change national policy for refugees
- ★ produce the resources we send to you at freshers so you can recruit more members
- ★ run the STAR conference where you learn about refugee issues and share ideas for more good work
- ★ training STAR members who volunteer with refugees
- ★ coordinating STAR campaigns

STAR needs over £200,000 to run the network, the team at STAR national fundraise hard and we really need your help too.

Funds for your local work

Local refugee projects work with STAR to help refugees by providing things like English classes, destitution funds and advice. These things cost money and like STAR national the projects themselves fundraise hard and always welcome help from STAR groups.

If you want help with fundraising for your own group or a local refugee agency please contact the national team.

Charity Number

You can only use STAR's charity number for fundraising when the money is going to STAR national. You must contact the national office when you want to use STAR's charity number.
